# RetailSoft
retail in operation

A great Point of Sale can help you sell even more !!

- Complete ERP Package for your everyday retail needs

- Helps manage your Inventory and Sales effortlessly

- Easy to use, Dynamic POS Interface

- Best in Class Machines and POS Terminals

- Quick checkout with Integrated Payment processing

- Pick and choose the required Modules

- Express Implementation in just 7 days

- Wide range of Reports

"Speed is indeed fundamental but you will need to think seriously about the functionality also. Not all ERP systems will have the right functionality and, certainly, not all ERP systems will have the right functionality at the requisite speed."

All-in-One Bundle

RetailSoft gives you a complete package and when we say complete, it includes both Hardware as well as Software.

- All-in-one PC
- Retail Software - Inventory Management with Point of Sales (POS)
- Barcode Scanner
- Receipt Printer
- Barcode Printer
- Cash Drawer
